info@emtech.ae

Why do I need Emtech's cloud managed firewall?

- 24x7x365 Proactive monitoring of key device metrics, availability, health, and configuration.
- Response Time 3-4 hours based on criticality.
- Policy and rule-base changes.
- Creation and configuration of VPNs .
- Backup of policies and hardware configuration.
- Alerting and application of critical patches.
- Operating System upgrade (Firmware).
- A customer Management portal.
- Monthly Executive Summary reports.
